INTRODUCTION 1271418

As we have for a long time wished some one would put up A History Book of the Christner Relation, we thought it would be quite something for us to get it together, as we could find very little of these first ones who came from Switzerland. But we tried our best to get what we could. We think Christian Christner was our great-great-grandfather, who also came from Switzerland. We have just part of his Family Record. It is now finished as it is, with the help of others.

We hope the friends will bear with us and overlook our shortcomings and mistakes.

Some Family Records are incomplete and some did not answer at all.

We feel very thankful for the help to get this History thus far.
